

Download completed files

Here you can download the following PRTR-España public information files:

- Inventory of facilities
- Emission/releases above the PRTR thresholds
- Off-site transfers of wastes (hazardous and non hazardous)

To download correctly next steps should be followed:

1. Click on the file you would like to download.
2. Keep the file in your PC/laptop/USB
3. Use a ZIP programme to open the file.
4. Add the .xml extension to the file name.

NOW YOU CAN OPEN THE FILE USING THE PROGRAMME YOU WANT (p.e. EXCELL,..)
